Thank you for  
stopping by to get  
to know us!

## OUR STORY

Our family includes myself and Andrew, plus our 3 little dogs: Emma the Boston Terrier, Marley the Yorkie, and Penelope (AKA "Pig"), the Frenchie! Andrew and I have been together for 9 years and married for the past 6 years (which has flown by so fast). We are lucky to call Victoria, BC home, where we get to enjoy a lot of time outside at beaches, parks and trails, walking our little crew :). We both share a common passion of travelling and have spent many years exploring the globe together.

## OUR PROMISE

We will surround your child with love, kindness, and give them the best life we possibly can. We would really like to have an open adoption and be able to get to know you, but recognize that this is your choice and we will honour it. Whatever level of connection you choose to maintain with us, we guarantee you will always be a part of your child's story and a part of our family from this moment forward.

SINCERELY, *Sophia & Andrew*

## OUR HOME & COMMUNITY

With a little bit of luck and a LOT of hard work over the years, Andrew and I are in the middle of a large renovation on our dream home. In Andrew's family for the past 3 generations, the bright 1930s home in Saanich holds many childhood memories for Andrew, and a promising vision for us both to grow our family.

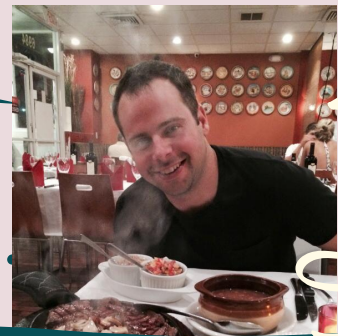

The fenced in yard is very large, (perfect for running around), and it has many beautiful trees (I think a treehouse may be in the future plans).

What makes this property even better is having Andrew's parents live in the house right behind ours! Family is very important to us and we feel so supported in everything that we do.

We love the area as its so close to so many amenities, family members and friends.

## Sophia

Sophia is the most caring and charismatic person I've met, and I feel so lucky to call her my wife. She is fiercely independent and is never afraid to voice her opinion in any situation. She is always there if you need something at a moment's notice, whether you're a friend, family, client, or colleague.

She has taught me to be patient, and to be creative and resourceful when it comes to problem solving, especially under pressure. From the moment I met her I knew in my heart she would be the greatest mother in the world, protecting her children through anything. She is the "fun" Auntie to our nieces and nephews, has no problem getting involved in a water fight or teaching them to blow bubbles in their juice!

## Andrew

Andrew is extremely hardworking, loyal, and honest, but he also likes to joke around and not take life too seriously all the time. Andrew is a family man through and through. Being the eldest of 3 brothers, I know he will be a great father one day soon, as he is so patient and caring!

Family is at the core of who we are, and I know he cannot wait to become a father that will raise and nurture his kids, supporting them to become the unique individuals they were destined to be!
